

Effective date: September 2020

As a Huber portfolio company, we live by the longstanding Huber Principles that guide CP Kelco towards Quality and Food Safety Excellence, as we constantly improve our processes and products to meet or exceed customer needs.

CP Kelco's success depends upon the quality and safety of our products supplied to our valued customers all over the world. This is also outlined in our Global Quality and Food Safety Vision and Mission statement:

***Leading our company capability in Quality and Food Safety, we are committed to partnering with our business leaders to consistently supply high quality and safe products that allow both CP Kelco and our customers to grow and prosper within the global locations and regulatory environments in which we operate.***

We strive to Deliver World Class Customer Experiences through:

- Listening and learning from the Voice of Customer (VOC)
- Being Open and Honest in our communications and applying an Agile mindset to create value for customers
- Embracing and promoting a strong Quality and Food Safety culture

As a global company, CP Kelco has established a Quality and Food Safety Management System aligned with internationally recognized industry standards, ISO 9001 and the GFSI (Global Food Safety Initiative) acknowledged FSSC (Food Safety System Certification) 22000.

This Quality and Food Safety Policy has full commitment of CP Kelco's senior management, who also provide the resources for maintaining an effective Quality and Food Safety Management System as a foundational principle of our business strategy.

The Quality and Food Safety Policy is communicated via global training, made visible throughout the organization, and adopted and implemented by each of CP Kelco's manufacturing sites.

CP Kelco employees have the responsibility to embrace this policy by producing high-quality, safe products and providing excellent service to our customers in their daily work.
